

# FREE ID Chip Clinic

Yes, you can  
chip your  
horse too!

Sunday Only  
July 14, from  
9am to 3pm

## At the Gilpin County Fair

Bring your pet or horse by the GCART booth at the back of the barn during the hours above. A vet volunteer will chip the animal and GCART members will register it on the PETLINK website for FREE! **NOTE:** The animal should not be exercised after the chipping to allow the chip time to “set” and avoid it migrating from the location it was placed. Best solution is to bring it by just before you go home , have it chipped, then take the animal home to rest the balance of the day and overnight.
