

**What:** Westbound I-70 Mountain Corridor Highway Improvements  
Public Meeting #2

**When:** Wednesday, July 26, 2017 from 5 p.m. - 7 p.m.

**Where:** United Center | 1440 Colorado Blvd., Idaho Springs, CO 80452

CDOT invites you to join us as we present and discuss public recommendations we received during our first public meeting in March and gather additional public input on the Westbound I-70 Mountain Corridor Highway Improvement Concept Development Process. At this public meeting we will also discuss next steps and request additional scoping input for National Environmental Policy Act (NEPA) purposes for two upcoming projects: Westbound Peak Period Shoulder Lane and Floyd Hill.

Public suggestions will be considered as we identify highway improvements in the westbound direction from the top of Floyd Hill to Empire Junction and transition into the NEPA process.

**Info:** For more information about this project, visit:

[www.codot.gov/projects/i-70mountaincorridor/concept-development-process](http://www.codot.gov/projects/i-70mountaincorridor/concept-development-process).

People who desire **special accommodation** and/or TDD Relay Service, please contact Lorena Jones, HDR Engineering, at 303-318-6294.
